

EXPERIENCE

Full Stack Developer | Apex Integra Co., Ltd | Myanmar | Feb 2022 – Apr 2025

- Developed cross-platform mobile and web applications using Flutter, React, and .NET Core, delivering scalable solutions for diverse client requirements.
 - Integrated real-time databases and backend services to optimize data synchronization and improve application response times.
 - Modernized legacy systems into cloud-native microservices, enhancing system maintainability and enterprise workflow efficiency.
 - Collaborated with cross-functional teams to design UI/UX interfaces, ensuring high user engagement and secure transaction processing.
-

SKILLS

Languages & Frameworks: JavaScript, React.js, C#, .NET Core, Dart, Flutter

Database: MariaDb/MySQL, MSSQL, Firebase

Tools/Cloud: Docker, Git, Linux, Azure

Soft Skills: Communication, Creative Thinking, Problem Solving, Open-Mindedness, Responsibility, Teamwork, Leadership

PROJECTS

BCMS 2 (Outsourced via GUI Solutions, Singapore) | .NET Core, WinForms, Blazor, Azure | 2023 - 2025

- Modernized a legacy monolithic Buffet Catering Management System by migrating it to a cloud-native microservices architecture on Azure, significantly improving system scalability.
- Developed updated user interfaces and backend services using Blazor and .NET Core, streamlining the catering management workflow for enterprise end-users.

Golf Network Myanmar | React, Flutter, .NET Core, Firebase, MSSQL | 2022 - 2023

- Engineered a cross-platform social networking application using React and Flutter to facilitate community engagement and event coordination for a niche sports community.
- Implemented real-time messaging using Firebase, increasing daily active user interactions.
- Designed a robust .NET Core and MSSQL backend architecture to securely manage user profiles, tournament data, and live social feeds with minimal latency.

E-Load Manager | React, Flutter, .NET Core, Firebase, MSSQL | 2023

- Built a real-time mobile top-up management platform, integrating robust React and Flutter front-end interfaces to deliver a seamless, intuitive user experience.
- Developed a highly secure .NET Core and MSSQL backend to process instant financial transactions and track load balances with zero data loss.
- Integrated Firebase to provide live status updates on transaction successes and system alerts, minimizing customer service inquiries regarding top-up statuses.

C4E Rewards | Flutter, Odoo | 2023

- Developed a customer loyalty mobile interface using Flutter, providing an interactive dashboard for users to track their reward progress.
 - Integrated the mobile application seamlessly with an existing Odoo ERP backend system to synchronize customer data and automate inventory-linked reward catalogs.
 - Automated the point earning and redemption tracking lifecycle, eliminating manual data entry for store staff and enhancing the overall customer retail experience.
-

TRAINING

KBZ Pay Mini App Developer Training | KBZPay | 2024

CERTIFICATIONS

Basics of Leadership Styles and Theories | UniAthena | 2025

Data Analytics Essential | Cisco Networking Academy | 2026

EDUCATION

B.Tech Computer Science & Engineering | Lovely Professional University | 2025 - 2029

Level 4 & 5 Diplomas in Computing | NCC Education (UK) | 2023 - 2025
